

NAME: _____

The Sun Show Summer Vacation

Imagine winning a free trip to wherever you would most like to go for an outdoor summer vacation. Wow! How cool would that be? But, to avoid getting sunburned you plan to be careful when out in the sun (in ways you learned from watching *The Sun Show*.)

Draw yourself on the vacation of your dreams, having a wonderful time. But remember, your goal is to “Block the sun, not the fun!” Show in your drawing how you are protecting your skin from the sun’s UV rays while outdoors. Finally, give your drawing a title on the line below.

Title

On the back of this page, or on a separate piece of paper, write a short story to describe your vacation. Explain how you are staying sun-safe while having a good time.

[**Teacher:** Add'l activity sheets like this one are available at www.SunSafetyForKids.org]
